Heng Hakley

Frontend developer

ABOUT ME

I'm a computer science student who's genuinely interested in frontend web development and UI/UX design. I enjoy building clean, responsive websites and turning ideas and designs into real, usable interfaces. I'm motivated, adaptable, and always looking for opportunities to grow and gain real-world experience as a frontend developer.

EDUCATIONS

BACHELOR'S DEGREE ON COMPUTER SCIENCE
Software Engineering | Cambodia Academy of Digital Technology (CADT)

2023 - Present

EXPERIENCES

SEVAKAM PROJECT - SCHOOL PROJECT
Frontend developer

Oct 2025 - present

- Worked on frontend development for a service-based mobile app
- Planned and designed the user interface and user experience (UI/UX)
- Collaborated with team members to develop and implement app features
